

# Leaders in Compliance Consulting and Technology to Come Together at BasisCode's Inaugural Compliance Consortium Conference, Nov. 2-3, in St. Pete Beach, Florida

**Two-day conference to offer interactive and practical learning experience plus review of best practices in managing compliance programs; Cipperman Compliance Services signs on as a platinum sponsor**

ATLANTA, February 6, 2020 – Compliance management software platform provider, BasisCode Compliance LLC ([www.basiscode.com](http://www.basiscode.com)), will host an education and training conference targeting industry leaders in compliance consulting and technology.

The inaugural event, called “2020 BasisCode Compliance Consortium Conference,” will be held on Nov. 2 – 3 at the Tradewinds Island Resort on St. Pete Beach, Florida. Invitees include compliance and ethics officers, governance and risk officers, compliance consultants, legal professionals and corporate executives.

“The compliance environment has become much more demanding and complex with managers increasingly turning to technology to help them manage their programs more efficiently. As a result, many of our clients and consulting partners have suggested putting together an event focused on the application of best practices for effective compliance management and technology integration,” said Carlos Guillen, CEO, BasisCode Compliance.

“This inaugural event will provide practical, hands-on learning and a high-level information exchange for attendees in an intimate setting. Although there will be opportunities for training on using the BasisCode Compliance platform, all attendees – regardless of whether or not they are current users – will benefit from the expertise of our session leaders and industry consultant partners.”

A preliminary conference agenda and speaker information is available online. Early bird registration is available through April 30. For more information about the 2020 BasisCode Compliance Consortium Conference and sponsorships, visit <https://basiscode.com/conference/> or contact Meredith Goode at 678-819-1911 ext. 105; or via email at [meredith.goode@basiscode.com](mailto:meredith.goode@basiscode.com).

## About BasisCode
