

Kentucky American Water Supports Drug Take Back Day to be Held Saturday, October 25

Kentucky American Water reminds customers that the Drug Enforcement Administration's National Prescription Take Back Day is this Saturday, Oct. 25. In Fayette County, the Take Back Day event is from 10 a.m. to 2 p.m. at Kentucky American Water, located at 2300 Richmond Road. Representatives from the local Drug Enforcement Administration office, the Lexington Police Department, and the Fayette County Sheriff's office will be on hand to take unwanted items. Participants should remain in their cars and hand items to the officers.

Items accepted at Take Back Day include prescription and over-the-counter pills, vitamins, medicated ointments and lotions, and pet medication. Liquids, aerosol cans and needles are not accepted on Take Back Day.

Take Back Day events help keep medications from getting into the wrong hands and also provide an opportunity for medications to be disposed of in an environmentally friendly way instead of being flushed down the toilet or poured down a drain, which leads to entering area waterways. For a list of Take Back Day locations in other areas visit takebackday.dea.gov.

About Kentucky American Water

Kentucky American Water, a subsidiary of American Water (NYSE: AWK), provides safe, clean, reliable and affordable water and wastewater services to approximately 527,000 people.
