

Blue Cross Blue Shield Of Massachusetts Responds To Rising Food Insecurity Company supports local food relief organizations as part of \$9.75M community support

BOSTON, June 1, 2020 /PRNewswire/ -- In response to the growing rate of food insecurity across the Commonwealth, [Blue Cross Blue Shield of Massachusetts](#) ("Blue Cross") is partnering with local food relief nonprofits to provide nutritious meals to families in need.

Pre-COVID-19, one in 11 Massachusetts households faced hunger, which amounted to 9% of residents. As of March, data showed that 38% of people in the state were food insecure and the rate continues to rise.

"Access to nutritious food is essential for maintaining a healthy life," said Jeff Bellows, vice president of corporate citizenship and public affairs at Blue Cross. "To help address this growing health issue, Blue Cross has made significant local investments and developed new community partnerships to ensure families have access to healthy food during this difficult time."

To date, Blue Cross' financial, pro-bono and in-kind COVID-19 community support totals \$9.75M. In addition to the company's \$460,000 contribution to regional COVID-19 response funds including the *Boston Resiliency Fund*, *The Community Foundation of Western Mass*, the *Greater Worcester Community Foundation*, *The Community Foundation of Southeast Massachusetts* among others, Blue Cross has committed nearly \$600,000 directly to nonprofits addressing the rising rate of food insecurity in communities across the state.

This support includes:

- A new partnership with **Lovin' Spoonfuls** and FLIK, Blue Cross' food service vendor, engaging cafeteria employees from our Hingham and Quincy offices to prepare 1,000 meals per day to donate to local communities in need. Lovin' Spoonfuls, which focuses on bridging the gap between food abundance and need, picks up the prepared meals each morning and distributes the meals to more than a dozen organizations in Chelsea, East Boston, Greater Boston, Quincy and Waltham.
- Increasing support for **Project Bread** and their COVID-19 response efforts working with the Department of Elementary and Secondary Education and many schools and community partners to provide families with access to school meals while schools are closed.
- Funding of **World Central Kitchen's** Frontline Foods South Shore and Off Their Plate initiatives, which provide hospital clinicians with food from local restaurants that have been impacted by the COVID crisis.
- Partnering with food pantries such as **Lorraine's Soup Kitchen and Pantry**, which serves Greater Chicopee, and the **One Chelsea Fund**, which is providing critical support for community members who have been hardest hit by the pandemic.
- Launching an **employee food assistance program** where Blue Cross associates can pick-up free meal kits once a week to feed a family of four.
