Biking can help put us in a mindful state - reducing stress, improving your mental and physical health, and even increasing your overall happiness in life, according to [Health News](#). Taking [20-30 minutes away](#) to concentrate solely on exercise can rejuvenate mood and lessen anxiety.

"National Wellness Month serves as a valuable reminder of the crucial role that mental health plays in one's overall wellbeing," said Jeff Bellows, vice president of corporate citizenship and public affairs at Blue Cross. "For the third year in a row, we're promoting healthy communities and the power of mindfulness with our 'Mindful Mondays' initiative, and we hope Metro Boston residents can get outside, practice mindfulness and enjoy the whole-body benefits of a Bluebikes ride."

Blue Cross has been the title sponsor of Bluebikes since its launch in May 2018. Through its partnership with the municipal owners of Bluebikes, Blue Cross continues to support system growth and accessibility, including station expansions, upgrades, and additional bikes.
