

## **Blue Cross Blue Shield of Massachusetts, Bridgewater State University and National Fitness Campaign Make Fitness Free for Everyone at BSU State-of-the-Art Outdoor Fitness Court® at Bridgewater State University**

(BRIDGEWATER, MASSACHUSETTS –September 15, 2023) — [Blue Cross Blue Shield of Massachusetts](#) (Blue Cross), [Bridgewater State University](#) (BSU), and [National Fitness Campaign](#) (NFC) today announced a partnership to bring an outdoor Fitness Court® to BSU. The Fitness Court, located in University Park on the BSU campus, will officially open on September 21 at 10:30 a.m. with a ribbon-cutting ceremony.

This Fitness Court was developed by Blue Cross, BSU and NFC to expand free access to high quality workouts and create equitable access to exercise for communities around the state. The Fitness Court is the world's best outdoor gym that lets people use their own body weight to get a complete workout using seven exercise stations.

Created with people aged 14 and over and with all abilities in mind, the workouts are adaptable for all fitness levels, allowing participants to move at their own pace. Users also may download the free [Fitness Court App](#) which acts as a coach-in-your-pocket and enhances the outdoor gym into a digitally supported wellness experience.

"Blue Cross is committed to helping people live healthy lives and eliminating the physical and social barriers that lead to health disparities," said Jeff Bellows, vice president of corporate citizenship and public affairs at Blue Cross Blue Shield of Massachusetts. "We're proud to partner with NFC and BSU to launch a Fitness Court that will provide both the university community and Town of Bridgewater residents with a communal gathering space and access to premiere free outdoor fitness opportunities."

Bridgewater State University is one of 15 outdoor Fitness Courts in a series of Blue Cross Fitness Courts that are currently open or will be constructed in easily accessible public spaces this year. Blue Cross' sponsorship of NFC is part of the company's strengthened [corporate citizenship commitment](#) to promote health justice in communities across the Commonwealth. Over the next five years, Blue Cross will provide \$16 million in grants and volunteer support to not-for-profits working to address food, environmental and racial justice in Massachusetts communities. This work supports the company's [overall pledge](#) to be a leader in addressing health inequities across the Commonwealth.

"The Fitness Court presents another great opportunity for members of the BSU community and our neighbors to get outdoors to exercise, thereby relieving stress in our post-pandemic world," said BSU President Frederick W. Clark Jr., Esq. "We all know that exercise mitigates stress and can be a powerful, natural, medicine for the body and this facility, made possible by our partnership with the National Fitness Campaign and the generosity of Blue Cross, certainly addresses this important issue of our time."

"National Fitness Campaign is proud to welcome Bridgewater State University to the campaign as the first higher education partner in Massachusetts, championing health and wellness for their residents" said Mitch Menaged, founder of NFC. "We are proud to continue our mission of getting people moving outdoors and helping communities combat the fiscal and humanitarian costs of inactivity."

Residents are invited to attend the Launch Event on Thursday, Sept. 21 at 10:30 a.m. to try the Fitness Court. For more information, visit <https://www.bridgew.edu/about-us/news-events>.
