

Samsung Galaxy S24 Series Now Available for Purchase with Infinite Access for Galaxy

Purchase the latest Samsung Galaxy S24+ now, and get your device on us - no trade-in required!

LITTLETON, Colo. – Jan. 31, 2024 – [Boost Infinite](#) customers can now purchase the new Samsung Galaxy S24 series and sign up for the new [Infinite Access for Galaxy plan](#).

Infinite Access for Galaxy is [Boost Infinite's](#) latest monthly subscription plan where subscribers get the Galaxy S24+ on us¹, and the newest Samsung Galaxy smartphone every year while enjoying unlimited talk, text and data² and access to the nationwide, all-digital, Boost Wireless Network³—all for an introductory price of \$60/mo.⁴ This offer is available for qualified new and existing members, and no trade-ins or line requirements are needed to get started.

Equipped with the very latest in wireless technology, the Samsung Galaxy S24 series is compatible with the Boost Wireless Network—the nation's largest commercial deployment of 5G voice (VoNR) technology. The Boost Wireless Network keeps people connected with superfast download speeds, enhanced call clarity and low latency. Plus, customers can get access to three networks, including two of Boost's nationwide partner 5G networks, offering superior coverage from coast to coast.

"Boost Infinite customers can now purchase the latest Samsung Galaxy S24 device, powered by the revolutionary Boost Wireless Network, and enroll in our new Infinite Access for Galaxy plan," said Michael Kelly, group president, Boost. "We're committed to providing our customers with exceptional value and continue to offer the Samsung Galaxy S24 and S24+ on us for a limited time."

With the new Infinite Access for Galaxy plan, subscribers get the latest Samsung Galaxy smartphone every year at no extra cost⁵. After 12 consecutive monthly payments, subscribers can trade in and upgrade to the latest model. Once ready to upgrade, subscribers can request a new Galaxy through the Boost Infinite app and receive it at their doorstep. Customers also have the flexibility to change their storage capacity, upgrade to a different model, and swap for a different color, when they initially sign up, and after each 12 months of membership.

Keeping with the Infinitely Better™ promise, customers who enroll can expect a simple sign-up and activation journey. Boost Infinite also makes it easy for customers to sign up for [Add Ons](#) and protect their phone through [Boost Protect](#).

Customers can purchase the latest Samsung Galaxy S24+ and enroll in the brand-new Infinite Access for Galaxy plan today.

About Boost Infinite

[Boost Infinite](#) is an infinitely better wireless carrier offering unlimited talk, text and data on the Boost Wireless Network and two of America's top 5G networks; all backed by a 30-day money back guarantee. Developed to provide an outstanding customer experience to its members, Boost Infinite keeps wireless service simple and straightforward. With plans starting as low as \$25/month, Boost Infinite is the value leader in the postpaid wireless market today. Boost Infinite is a retail wireless carrier under [DISH Wireless](#), the 4th facilities-based, nationwide wireless carrier in the U.S, an indirect subsidiary of EchoStar Corporation (NASDAQ: SATS).

¹Offer ends 2/28/24

²Customers using more than 30GB/month may experience slower speeds.

³Boost Infinite members who live in a supported area and have a compatible device can access the Boost Wireless Network. When not in an area covered by the Boost Wireless Network, compatible devices will connect to partner networks — two of America's top 5G networks. Learn more here: [help.boostinfinite.com/docs/americas-smart-network](#).

⁴Requires credit qualification and 3-year device financing agreement. Monthly \$60 fee includes unlimited talk, text and data and any S24 series model up to \$1,000. Taxes, regulatory fees or surcharges extra. S24 models over \$1,000 will result in an additional monthly fee.

⁵To be eligible for the latest Samsung Galaxy model, members are responsible for making sure the Galaxy returned to Boost Infinite is in good working order. Upgrades to larger Galaxy models and additional storage capacity can increase the \$60/mo. price.
