After an extensive search process, Choice Hotels International, Inc. announced the selection of Rebuilding Together as its signature cause partner. The announcement was made yesterday at the Choice Hotels International 55th Annual Convention at the Gaylord National Hotel & Convention Center. As signature cause partner, Rebuilding Together will play a key role in the corporate social responsibility efforts of Choice Hotels as overseen by the Choice Hotels International Foundation. The Foundation's efforts are focused on giving through direct financial contribution and volunteer activities with organizations that support food, clothing, shelter, education, travel and tourism.

The program named "Room to Rebuild" is part of Choice Hotels ongoing commitment to strengthen the local communities in which their associates and franchisees live, work and provide hospitality. The unanimous decision came after a careful selection process that included consultation and guidance from the company's franchisees and associates.

"With the current economic crisis and the challenges facing low-income home owners, Rebuilding Together is a particularly great fit for our charitable efforts," said Stephen P. Joyce, president and chief executive officer of Choice Hotels International. "This relationship allows us the opportunity to get involved in dozens of projects that will take place from coast to coast and make a difference in our local communities."
