

Drive-Up Parking Prices Increasing July 6

Enhanced, Modernized Parking Services Now Available to Include Online Booking with Discounted Rates

June 24, 2021 - Drive-up parking rates at Charlotte Douglas International Airport will increase July 6 for all lots and decks except Curbside Valet. The increase will help pay for recent enhancements to the parking experience.

Charlotte Douglas International Airport - Parking Rates

	Current Rates	July 6 Rates
Curbside Valet	\$35	\$35
Hourly Deck	\$20	\$24
Express Deck (formerly Business Valet)	\$14	\$16
Daily Deck	\$10	\$12
Long Term Lots	\$7	\$10

The last time CLT changed parking prices was in September 2016 for Long Term Lots and February 2014 for the Hourly and Daily Decks. The rate increase was scheduled for last year but was delayed due to COVID-19. Even with this increase, CLT's parking prices remain among the lowest in the country for large-sized airports.

Charlotte Douglas launched its new parking revenue control system (PARCS) in 2020 to modernize the customer experience. Passenger benefits include license plate recognition enabling a paperless and contactless parking experience, real-time parking availability and additional payment options for all major credit cards and mobile payment apps, such as Google Pay and Apple Pay.

CLT also debuted a new online parking reservation system last year that guarantees access to CLT's parking products. Passengers are encouraged to reserve parking online for the best parking rates, which will always be cheaper than the drive-up rate. Visit cltairport.com or the CLT Airport app (available in the Apple Store or on Google Play) and select the "[Book Parking](#)" icon to complete the process. Same-day booking is limited for all products and must be made a minimum of six hours in advance.
