About Chelsea

Chelsea Football Club is one of the top football clubs globally and its men's team were the FIFA Club World Cup winners for 2021, with the final when the side beat Brazilian side Palmeiras in Abu Dhabi held in 2022 due to the pandemic. That success followed winning the UEFA Champions League for a second time in 2021 with victory over Manchester City in Porto.

Founded in 1905, Chelsea is London's most central football club, based at the iconic 40,000-capacity Stamford Bridge stadium. Nicknamed 'The Blues', the club lifted the Champions League for the first time in 2012 and has also won the Premier League five times, the FA Cup eight times, the Football League Cup five times, the UEFA Europa League twice, the UEFA Cup

Winners' Cup twice, the UEFA Super Cup twice and the Football League Championship once, in 1955.

The 2021 Champions League and Super Cup triumphs ensured Chelsea became the first club to win four major UEFA club competitions twice, following its earlier successes in those two competitions as well as the Europa League and Cup Winners' Cup.

The Chelsea Women's team have enjoyed a huge amount of success and in 2024 won the FA Women's Super League for a fifth consecutive year and the seventh time overall. The Women's FA Cup has been won on five occasions. The side has also captured the FA Women's League Cup twice as well as reaching the UEFA Women's Champions League final in 2021.

In addition to possessing some of the world's most recognisable players, Chelsea has also invested in its future with a state-of-the-art Academy and training centre in Cobham, Surrey. Since the Academy building's opening in 2008, the club has won seven FA Youth Cups, back-to-back UEFA Youth League titles in 2015 and 2016, and the U23 and U18 Premier League national championships most recently in 2019/20 and 2017/18 respectively.

The Chelsea Foundation boasts one of the most extensive community initiatives in sport, helping to improve the lives of children and young people all over the world.
