

DaVita Expands Operations in Malaysia

Acquisition adds 18 dialysis centers to its Malaysia presence

DENVER--(BUSINESS WIRE)--Jul. 22, 2013-- [DaVita](#)®, a division of DaVita HealthCare Partners Inc. (NYSE: DVA) and a leading provider of kidney care services, today announced the acquisition of the dialysis operations of Malaysia's Caring Dialysis Centre Group (CDC Group) by DVA (Malaysia) Sdn Bhd.

"This is an important move for DaVita in the Asia-Pacific region," said Dennis Kogod, chief operating officer of DaVita HealthCare Partners™. "Scaling up operations in Malaysia allows us to bring outstanding quality of care to this region."

With the addition of CDC Group's 18 centers, DaVita now operates a total of 21 centers in Malaysia with plans to expand in the coming years.

"We're excited to build on the reputation of CDC Group and to welcome the teammates and patients from their 18 centers to DaVita," said Atul Mathur, president of DaVita's Asia-Pacific operations. "Malaysia is a key market for our growth strategy in the Asia-Pacific region where we are now serving patients in five countries."

DaVita has improved clinical outcomes 13 years in a row in the United States and has consistently demonstrated clinical results that are the best or among the best in virtually every category in the kidney care industry. These outcomes help drive lower mortality rates and fewer hospitalizations, directly supporting DaVita's aim to improve patients' health and quality of life.

"We always have been dedicated to delivering quality care to our patients, and we constantly seek opportunities to improve the care they receive," said Dr. Ong Kee Liang, founding nephrologist of CDC Group. "With DaVita's impressive record of improved clinical outcomes coming to the patients in our centers, we believe it is our patients who are the true beneficiaries of this transaction."

Forward-Looking Statements

This release contains forward-looking statements within the meaning of the federal securities laws, including statements related to anticipated and prospective growth of certain of our international ventures, the clinical outcomes that they will deliver and our growth strategy for the Asia-Pacific region. Factors which could impact future results include the risks and uncertainties associated with expansion of our operations and services to markets outside the United States, governmental regulations, general economic and other market conditions, competition, and the risk factors set forth in our SEC filings, including our Annual Report on Form 10-K for the year ended December 31, 2012, and subsequent quarterly reports filed on Form 10-Q. The forward-looking statements should be considered in light of these risks and uncertainties. We base our forward-looking statements on information currently available to us at the time of this release, and we undertake no obligation to update or revise any forward-looking statements, whether as a result of changes in underlying factors, new information, future events or otherwise.
