

DaVita 3rd Quarter 2011 Results

DENVER, Nov 03, 2011 (BUSINESS WIRE) -- DaVita Inc. (NYSE: DVA) today announced results for the quarter ended September 30, 2011. Income from continuing operations attributable to DaVita Inc. for the three and nine months ended September 30, 2011 was \$138.2 million and \$346.7 million, or \$1.45 and \$3.57 per share, respectively, which for the nine months ended September 30, 2011 excludes an after-tax non-cash goodwill impairment charge of approximately \$14.4 million, or \$0.14 per share, that was recorded in the second quarter of 2011 related to our infusion therapy business. Income from continuing operations attributable to DaVita Inc. for the nine months ended September 30, 2011 including this item was \$332.3 million, or \$3.43 per share.

Income from continuing operations attributable to DaVita Inc. for the three and nine months ended September 30, 2010 was \$119.5 million and \$339.0 million, or \$1.15 and \$3.25 per share, respectively, which for the nine months ended September 30, 2010 excludes after-tax debt redemption charges of \$2.5 million, or \$0.02 per share. Income from continuing operations attributable to DaVita Inc. for the nine months ended September 30, 2010 including this item was \$336.5 million, or \$3.22 per share.

On September 2, 2011, we completed our acquisition of DSI Renal, Inc. (DSI) for approximately \$724 million in net cash, plus the assumption of certain liabilities, subject to certain post-close adjustments. The operating results of DSI are included in our operating results effective September 1, 2011.

The operating results of the historical DaVita divested centers are reflected as discontinued operations for all periods presented. In addition, the operating results for the DSI centers divested and to be divested are reflected as discontinued operations in our consolidated financial statements beginning September 1, 2011.

Financial and operating highlights include:

- **Cash Flow:** For the rolling twelve months ended September 30, 2011 operating cash flow was \$1,150 million and free cash flow was \$835 million. For the three months ended September 30, 2011 operating cash flow was \$495 million and free cash flow was \$408 million.
- **Operating Income:** Operating income for the three and nine months ended September 30, 2011 was \$319 million and \$825 million, respectively, which for the nine months ended September 30, 2011 excludes the pre-tax non-cash goodwill impairment charge of \$24 million. Operating income for the nine months ended September 30, 2011 including this item was \$801 million. Operating income for the three and nine months ended September 30, 2010 was \$257 million and \$741 million, respectively.
- **Volume:** Total treatments for the third quarter of 2011 were 5,008,094, or 63,394 treatments per day, representing a per day increase of 9.6% over the third quarter of 2010. Non-acquired treatment growth in the quarter was 5.0% over the prior year's third quarter. Our normalized non-acquired treatment growth in the quarter was 4.6% over the prior year's third quarter.
- **Effective Tax Rate:** Our effective tax rate was 36.4% and 35.9% for the three and nine months ended September 30, 2011, respectively. This effective tax rate is impacted by the amount of third party owners' income attributable to non-tax paying entities. The effective tax rate attributable to DaVita Inc. was 40.5% and 40.2% for the three and nine months ended September 30, 2011, respectively. We still expect our effective tax rate attributable to DaVita Inc. for 2011 to be in the range of 39.0% to 40.0%.
- **Center Activity:** As of September 30, 2011, we operated or provided administrative services at 1,777 outpatient dialysis centers serving approximately 138,000 patients, of which 1,745 centers are consolidated in our financial statements. During the third quarter of 2011, we acquired and opened a total of 138 centers, including 113 centers associated with the acquisition of DSI and divested a total of 28 centers in order to complete the acquisition of DSI.
- **Debt Transactions:** On August 26, 2011, we entered into an Increase Joinder Agreement under our existing Senior Secured Credit Agreement. Pursuant to the Increase Joinder Agreement, we increased the revolving credit facility by \$100 million, to a total of \$350 million, and entered into an additional \$200 million Term Loan A-2. The Term Loan A-2 matures in October 2016.

Outlook

Our operating income guidance for 2011 is still expected to be in the range of \$1,125 million to \$1,155 million. This guidance excludes the non-cash goodwill impairment charge recorded in the second quarter of 2011. We are raising our operating cash flow guidance for 2011 to now be in the range of \$1,020 million to \$1,100 million. Our previous operating cash flow guidance for 2011 was in the range of \$900 million to \$980 million. We also expect our operating cash flows for 2012 to be flat or slightly down as compared to 2011, primarily due to the timing of certain working capital items. We are also confirming our operating income guidance range for 2012 of \$1,200 million to \$1,300 million, as previously provided. These projections and the underlying assumptions involve significant risks and uncertainties, including those described below and actual results may vary significantly from these current projections.

We will be holding a conference call to discuss our results for the third quarter ended September 30, 2011 on November 3, 2011 at 5:30 p.m. Eastern Time. The dial in number is (800) 399-4406. A replay of the conference call will be available on DaVita's official web page, <http://www.davita.com>, for the following 30 days.

This release contains forward-looking statements, within the meaning of the federal securities laws, including statements related to our 2011 and 2012 operating income, our 2011 and 2012 operating cash flows and our 2011 expected effective tax rate attributable to DaVita Inc. Factors that could impact future results include the uncertainties associated with governmental regulations, general economic and other market conditions, competition, accounting estimates, the variability of our cash flows and the risk factors set forth in our SEC filings, including our quarterly report on

Form 10-Q for the second quarter ended June 30, 2011 and subsequent quarterly reports to be filed on Form 10-Q. The forward-looking statements should be considered in light of these risks and uncertainties.

These risks and uncertainties include those relating to:

- the concentration of profits generated from commercial payor plans,
- continued downward pressure on average realized payment rates from commercial payors, which may result in the loss of revenue or patients,
- a reduction in the number of patients under higher-paying commercial plans,
- a reduction in government payment rates under the Medicare End Stage Renal Disease program or other government-based programs,
- the impact of health care reform legislation that was enacted in the United States in March 2010,
- changes in pharmaceutical or anemia management practice patterns, payment policies, or pharmaceutical pricing,
- our ability to maintain contracts with physician medical directors,
- legal compliance risks, including our continued compliance with complex government regulations,
- current or potential investigations by various governmental entities and related government or private-party proceedings,
- continued increased competition from large and medium-sized dialysis providers that compete directly with us,
- our ability to complete any acquisitions, mergers or dispositions that we might be considering or announce, or integrate and successfully operate any business we may acquire, and
- expansion of our operations and services to markets outside the United States, or to businesses outside of dialysis.

We base our forward-looking statements on information currently available to us at the time of this release, and we undertake no obligation to update or revise any forward-looking statements, whether as a result of changes in underlying factors, new information, future events or otherwise.

This release contains non-GAAP financial measures. For reconciliations of these non-GAAP financial measures to their most comparable measure calculated and presented in accordance with GAAP, see the attached reconciliation schedules. For the reasons stated in the reconciliation schedules, we believe our presentation of non-GAAP financial measures provides useful supplemental information for investors.

- (1) These are non-GAAP financial measures. For a reconciliation of these non-GAAP financial measures to their most comparable measure calculated and presented in accordance with GAAP, see attached reconciliation schedules.
- (2) Consolidated percentages of revenue are comprised of the dialysis and related lab services business, other ancillary services and strategic initiatives, as well as stock-based compensation expenses.
- (3) The quarter ended September 30, 2011, excludes \$8.3 million of debt discounts associated with our Term Loan B and our Term Loan A-2 that is not actually outstanding debt principal. The quarter ended June 30, 2011, excludes \$7.6 million of a debt discount associated with our Term Loan B that is not actually outstanding debt principal. The quarter ended September 30, 2010 excludes \$1.6 million of the unamortized balance of a debt premium associated with our senior notes that is not actually outstanding debt principal.
- (4) This includes the Term Loan B outstanding amount for the quarters ended September 30, 2011 and June 30, 2011, since the Term Loan B bears interest at LIBOR (floor of 1.50%) plus a margin of 3.00% and the current LIBOR rate is below that percentage. In addition, this also includes the Term Loan A-2 outstanding amount for the quarter ending September 30, 2011, since the Term Loan A-2 bears interest at LIBOR (floor of 1.00%) plus a margin of 3.50% and the current LIBOR rate is below that percentage as well.

Note 1: Calculation of the Leverage Ratio

Under the Company's Senior Secured Credit Facilities (Credit Agreement), the leverage ratio is defined as all funded debt plus the face amount of all letters of credit issued, minus cash and cash equivalents, divided by "Consolidated EBITDA". The leverage ratio determines the interest rate margin payable by the Company for its Term Loan A and revolving line of credit under the Credit Agreement by establishing the margin over the base interest rate (LIBOR) that is applicable. The following leverage ratio was calculated using "Consolidated EBITDA" as defined in the Credit Agreement. The calculation below is based on the last twelve months of "Consolidated EBITDA", pro forma for routine acquisitions that occurred during the period. The Company's management believes the presentation of "Consolidated EBITDA" is useful to investors to enhance their understanding of the Company's leverage ratio under its Credit Agreement.

		Rolling twelve months ended September 30, 2011
Net income attributable to DaVita Inc.	\$	398,898
Income taxes		264,208

1. Income from continuing operations attributable to DaVita Inc. excluding an after-tax non-cash goodwill impairment charge and debt redemption charges and diluted income from continuing operations per share attributable to DaVita Inc. excluding an after-tax non-cash goodwill impairment charge and debt redemption charges.

We believe that income from continuing operations attributable to DaVita Inc. excluding an after-tax non-cash goodwill impairment charge and debt redemption charges enhances a user's understanding of our normal income from continuing operations attributable to DaVita Inc. and diluted income from continuing operations per share attributable to DaVita Inc. for these periods by providing a measure that is more meaningful because it excludes a non-cash goodwill impairment charge that resulted from a decrease in the implied fair value of goodwill below its carrying amount associated with our infusion therapy business during the second quarter of 2011 and also from the redemption of \$200 million aggregate principal amount of our outstanding 6 5/8% senior notes due 2013 that occurred in the second quarter of 2010 and accordingly, is more comparable to prior periods and indicative of consistent income from continuing operations attributable to DaVita Inc. and diluted income from continuing operations per share attributable to DaVita Inc. These measures are not measures of financial performance under United States generally accepted accounting principles (GAAP) and should not be considered as an alternative to income from continuing operations attributable to DaVita Inc. and diluted income from continuing operations per share attributable to DaVita Inc.

2. Operating income excluding a pre-tax non-cash goodwill impairment charge.

We believe that operating income excluding a pre-tax non-cash goodwill impairment charge enhances a user's understanding of our normal operating income for these periods by providing a measure that is more meaningful because it excludes a non-cash goodwill impairment charge that resulted from a decrease in the implied fair value of goodwill below its carrying amount associated with our infusion therapy business during the second quarter of 2011 and accordingly, is more comparable to prior periods and indicative of consistent operating income. This measure is not a measure of financial performance under GAAP and should not be considered as an alternative to operating income.

Operating income excluding a pre-tax non-cash goodwill impairment charge:

3. Effective Income Tax Rates.

We believe that reporting the effective income tax rate attributable to DaVita Inc. enhances an investor's understanding of DaVita's effective income tax rate for the periods presented because it excludes noncontrolling owners' income that primarily relates to non-tax paying entities and accordingly is more comparable to prior periods presentations regarding DaVita's effective income tax rate and is more meaningful to an investor to fully understand the related income tax effects on DaVita Inc.'s operating results. This is not a measure under GAAP and should not be considered as an alternative to the effective income tax rate calculated in accordance with GAAP.

Effective income tax rate as compared to the effective income tax rate attributable to DaVita Inc. is as follows:

	Three months ended			Nine months ended September 30, 2011
	September 30, 2011	June 30, 2011	September 30, 2010

4. Free cash flow.

Free cash flow represents net cash provided by operating activities less income distributions to noncontrolling interests and capital expenditures for routine maintenance and information technology. We believe free cash flow is a useful adjunct to cash flow from operating activities and other measurements under GAAP, since free cash flow is a meaningful measure of our ability to fund acquisition and development activities and meet our debt service requirements. In addition, free cash flow excluding income distributions to noncontrolling interests provides an investor with an understanding of free cash flows that are attributable to DaVita Inc. Free cash flow is not a measure of financial performance under GAAP and should not be considered as an alternative to cash flows from operating, investing or financing activities, as an indicator of cash flows or as a measure of liquidity.
