

DaVita HealthCare Partners Certified as Freedom-Centered Workplace by WorldBlu

Company celebrates nine consecutive years of recognition

DENVER, May 12, 2016 /PRNewswire/ -- [DaVita HealthCare Partners](#) (NYSE: DVA), a leading independent medical group and a leading provider of kidney care services in the United States, today announced that the company has been certified as a "Freedom-Centered Workplace" by WorldBlu. This is the ninth consecutive year the company has been recognized on the list, formerly known as "most democratic" workplaces.

"We believe ourselves to be a community first and a company second," said Kent Thiry, chairman and CEO of DaVita. "When you see the world through that lens, freedom-centered and citizenship-oriented behaviors flow naturally."

"DaVita operates like a Village, not like a large organization," said Casey Michalski Stock, corporate sustainability program manager for DaVita. "I feel that my voice is not only heard on a local level with my direct team, but throughout the organization."

DaVita HealthCare Partners regularly seeks input from teammates on both small and large matters that impact the direction of the company. The company conducts "town halls" and "Voice of the Village" calls where teammates can hear directly from senior leaders and ask questions about the business, policies, strategic direction and more. Teammates also have opportunities to recognize one another for exemplifying the company's core values.

DaVita HealthCare Partners emphasizes collaboration and teamwork to deliver industry-leading care as reflected in two reports from the Centers for Medicare and Medicaid Services (CMS). In the CMS Five-Star Rating System, DaVita Kidney Care outperformed major providers in the percentage of four- and five-star centers by two times. According to the CMS Quality Incentive Program, 98.6 percent of DaVita Kidney Care centers are rated in the top clinical performance tier.

Organizations become eligible for a spot on the WorldBlu List of Most Freedom-Centered Workplaces™ after teammates complete The WorldBlu Freedom at Work™ Assessment, a survey evaluating their practice of the [WorldBlu 10 Principles of Organizational Democracy™](#). The assessment was developed based on a decade of research into what makes a successful freedom-centered company. Organizations from the for-profit and non-profit sectors that have been in operation for at least one full year and have five or more employees can apply for the certification.
