

DaVita Inc. 2nd Quarter 2019 Results

DENVER, Aug. 1, 2019 /PRNewswire/ -- DaVita Inc. (NYSE: DVA) today announced results for the quarter ended June 30, 2019.

Second quarter 2019 financial highlights:

- Completed the sale of our DMG division to Optum.
- Consolidated revenues of \$2,843 million.
- Operating income of \$462 million.
- Cash flows from continuing operations of \$574 million.

(1) For the definitions of non-GAAP financial measures see the note titled "Note on Non-GAAP Financial Measures" and related reconciliations beginning at page 14.

DaVita Medical Group sale: As previously disclosed, on June 19, 2019, we completed the sale of our DaVita Medical Group (DMG) division to Collaborative Care Holdings, LLC (Optum), a subsidiary of UnitedHealth Group Inc., for an aggregate purchase price of \$4.34 billion, prior to certain adjustments specified in the related purchase agreement, as amended. We recorded a preliminary pre-tax net loss of approximately \$23 million related to this divestiture.

Upon the completion of the DMG sale we were required to make mandatory prepayments on debt outstanding under our senior secured credit facility, and we subsequently used the full \$4.47 billion in preliminary net proceeds received at closing to prepay term debt outstanding. As a result of these prepayments we recognized a charge of \$12 million to write off debt discount and deferred financing costs.

Financial and operating metrics:

| | Three months ended June 30, | | Six months ended June 30, | |
|--|-----------------------------|--------|---------------------------|--------|

| Operating cash flow from continuing operations | \$ 574 | \$ 606 | \$ 647 | \$ 812 |
| Free cash flow from continuing operations ⁽¹⁾ | \$ 461 | \$ 470 | \$ 410 | \$ 532 |

- (1) For the definitions of non-GAAP financial measures see the note titled "Note on Non-GAAP Financial Measures" and related reconciliations beginning at page 14.

Volume: Total U.S. dialysis treatments for the second quarter of 2019 were 7,520,587, or an average of 96,418 treatments per day, representing a per day increase of 2.6% over the second quarter of 2018. Normalized non-acquired treatment growth in the second quarter of 2019 as compared to the second quarter of 2018 was 2.1%.

Effective income tax rate: Our effective income tax rate on income from continuing operations was 23.5% and 24.6% for the three and six months ended June 30, 2019, respectively. This effective income tax rate is impacted by the amount of third party owners' income attributable to non-tax paying entities. The effective income tax rate on income from continuing operations attributable to DaVita Inc. was 28.0% and 29.6% for the three and six months ended June 30, 2019, respectively.

Our effective income tax rate on income from continuing operations attributable to DaVita Inc. for the three and six months ended June 30, 2019 was further impacted by the write-off of deferred financing costs and other debt costs and the six months ended June 30, 2019 was also impacted by the goodwill impairment charge recognized in the first quarter of 2019. Excluding these items from the three and six months ended June 30, 2019, our effective income tax rate on adjusted income from continuing operations attributable to DaVita Inc. would have been 27.9% and 28.9% for the three and six months ended June 30, 2019, respectively.

Center activity: As of June 30, 2019, we provided dialysis services to a total of approximately 231,700 patients at 2,971 outpatient dialysis centers, of which 2,723 centers were located in the United States and 248 centers were located in nine countries outside of the United States. During the second quarter of 2019, we opened a total of 33 new dialysis centers, acquired three dialysis centers and closed two dialysis centers in the United States. In addition, we acquired five dialysis centers outside of the United States during the second quarter of 2019.

Share repurchases: During the quarter ended June 30, 2019, we repurchased a total of 2,059,976 shares of our common stock for approximately \$112 million at an average price of \$54.46 per share. We have also repurchased 4,214,205 shares of our common stock for \$238 million at an average price of \$56.43 per share from July 1, 2019 through July 17, 2019. On July 17, 2019, our Board of Directors terminated all remaining prior share repurchase authorizations available to the Company and approved a new share repurchase authorization in the amount of \$2.0 billion.

On July 22, 2019, we commenced a modified "Dutch auction" tender offer for up to \$1.2 billion of our common stock at a price per share not less than \$53.50 and not more than \$61.50. The tender offer will expire at 12:00 midnight Eastern time at the end of the day on August 16, 2019, unless extended or terminated. The tender offer is contingent on successful execution of the bank financing described below on terms reasonably acceptable to the Company.

Debt Transactions: As previously announced, we plan to enter into a new bank financing consisting of a \$1.0 billion secured revolving loan facility, a \$1.75 billion secured term loan A facility with a delayed draw feature and a \$2.5 billion secured term loan B facility. We expect to use the proceeds from the bank financing to pay off the remaining balances outstanding under our Term Loan B and revolving line of credit under our existing senior secured credit facility, to call the Company's outstanding 5.75% Senior Notes due 2022 (Senior Notes), to fund the tender offer described above, and to add cash to the balance sheet for potential future share repurchases, acquisitions, and other general corporate purposes. This press release does not constitute a call notice. The Company expects the call notice for the Senior Notes to be issued following completion of the bank financing.

As of July 31, 2019, \$502 million and \$650 million remained outstanding on our Term Loan B and revolving line of credit, respectively, under our existing senior secured credit facility.

Outlook:

As previously announced on July 22, 2019, the Company updated its adjusted operating income (a non-GAAP financial measure) guidance for fiscal year 2019 to a range of \$1.64 billion to \$1.70 billion. The Company's prior guidance at the time for adjusted operating income for fiscal year 2019 was \$1.54 billion to \$1.64 billion.

The Company is now providing further fiscal year 2019 guidance as follows:

| | Current 2019 guidance | | Prior 2019 guidance | |
|---|-----------------------|----------|---------------------|----------|
| | Low | High | Low | High |
| | (dollars in millions) | | | |
| Operating cash flow from continuing operations | \$ 1,450 | \$ 1,625 | \$ 1,375 | \$ 1,575 |
| Capital expenditures from continuing operations | \$ 800 | \$ 840 | \$ 800 | \$ 840 |
| Effective income tax rate on adjusted income from continuing operations attributable to DaVita Inc. | 28.5 % | 29.5 % | 28.5 % | 29.5 % |

These forward-looking measures and their underlying assumptions involve significant risks and uncertainties, including those described below, and actual results may vary significantly from these current forward-looking measures. We do not provide

guidance for consolidated operating income or effective tax rate on income from continuing operations on a GAAP basis nor a reconciliation of forward-looking non-GAAP financial measures to the most directly comparable GAAP financial measures on a forward-looking basis because we are unable to predict certain items contained in the GAAP measures without unreasonable efforts. These non-GAAP financial measures do not include certain items, including goodwill impairment charges and foreign currency fluctuations, any of which may be significant. The guidance for effective income tax rate on adjusted income from continuing operations attributable to DaVita Inc. also excludes the amount of third party owners' income and related taxes attributable to non-tax paying entities.

We will be holding a conference call to discuss our results for the second quarter ended June 30, 2019, on August 1, 2019, at 5:00 p.m. Eastern Time. To join the conference call, please dial (877) 918-6630 from the U.S. or (517) 308-9042 from outside the U.S., and provide the operator the password 'Earnings'. A replay of the conference call will be available on our website at investors.davita.com for the following 30 days.

DaVita Inc. and its representatives may from time to time make written and oral forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995 ("PSLRA"), including statements in this release, filings with the Securities and Exchange Commission ("SEC"), reports to stockholders and in meetings with investors and analysts. All such statements in this release, during the related presentation or other meetings, other than statements of historical fact, are forward-looking statements and as such are intended to be covered by the safe harbor for "forward-looking statements" provided by the PSLRA. Without limiting the foregoing, statements including the words "expect," "intend," "will," "plan," "anticipate," "believe," "we are confident that," "forecast," "guidance," "outlook," "goals," and similar expressions are intended to identify forward-looking statements.

The forward-looking statements should be considered in light of these risks and uncertainties. All forward-looking statements in this release are based solely on information available to us on the date of this release. We undertake no obligation to publicly update or revise any of our guidance, the assessment of the underlying assumptions or other forward-looking statements, whether as a result of changed circumstances, new information, future events or otherwise.

These forward-looking statements could include but are not limited to statements related to our guidance and expectations for our 2019 adjusted consolidated operating income, our 2019 operating cash flow from continuing operations, our 2019 effective income tax rate on adjusted income from continuing operations attributable to DaVita Inc., our 2019 capital expenditures from continuing operations, our expectations regarding the tender offer, the proposed bank financing and the use of proceeds therefrom, and the proposed redemption of our Senior Notes.

Our actual results and other events could differ materially from any forward-looking statements due to numerous factors that involve substantial known and unknown risks and uncertainties. These risks and uncertainties include, among other things:

- the concentration of profits generated by higher-paying commercial payor plans for which there is continued downward pressure on average realized payment rates, and a reduction in the number of patients under such plans, including as a result of restrictions or prohibitions on the use and/or availability of charitable premium assistance, which may result in the loss of revenues or patients, or our making incorrect assumptions about how our patients will respond to any change in financial assistance from charitable organizations;*
- the extent to which the ongoing implementation of healthcare reform, or changes in or new legislation, regulations or guidance, enforcement thereof or related litigation, and the extent to which such developments result in a reduction in coverage or reimbursement rates for our services, a reduction in the number of patients enrolled in higher-paying commercial plans, or other material impacts to our business;*
- a reduction in government payment rates under the Medicare End Stage Renal Disease program or other government-based programs and the impact of the Medicare Advantage benchmark structure;*
- risks arising from potential and proposed federal and/or state legislation, regulation, ballot, executive action or other initiatives, including such initiatives related to healthcare and/or labor matters;*
- the impact of the changing political environment and related developments on the current healthcare marketplace and on our business, including with respect to the future of the Affordable Care Act, the exchanges and many other core aspects of the current health care marketplace;*
- changes in pharmaceutical practice patterns, reimbursement and payment policies and processes, or pharmaceutical pricing, including with respect to calcimimetics;*
- legal and compliance risks, such as our continued compliance with complex government regulations and the provisions of our current corporate integrity agreement;*
- continued increased competition from dialysis providers and others, and other potential marketplace changes;*
- our ability to maintain contracts with physician medical directors, changing affiliation models for physicians, and the*

emergence of new models of care introduced by the government or private sector that may erode our patient base and reimbursement rates, such as accountable care organizations, independent practice associations and integrated delivery systems;

- our ability to complete acquisitions, mergers or dispositions that we might announce or be considering, on terms favorable to us or at all, or to integrate and successfully operate any business we may acquire or have acquired, or to successfully expand our operations and services in markets outside the United States, or to businesses outside of dialysis; and our ability to complete the tender offer, new bank financing and redemption of our Senior Notes as described above on the terms currently contemplated or at all;
- noncompliance by us or our business associates with any privacy or security laws or any security breach by us or a third party involving the misappropriation, loss or other unauthorized use or disclosure of confidential information;
- the variability of our cash flows; the risk that we may not be able to generate sufficient cash in the future to service our indebtedness or to fund our other liquidity needs; and the risk that we may not be able to refinance our indebtedness as it becomes due, on terms favorable to us or at all;
- factors that may impact our ability to repurchase stock under our stock repurchase program (including the tender offer described above) and the timing of any such stock repurchases;
- risks arising from the use of accounting estimates, judgments and interpretations in our financial statements;
- impairment of our goodwill, investments or other assets;
- uncertainties related to our use of the proceeds from the DMG sale transaction and other available funds, including external financing and cash flow from operations, which may be or have been used in ways that we cannot assure will improve our results of operations or enhance the value of our common stock; and
- uncertainties associated with the other risk factors set forth in our most recent quarterly report on Form 10-Q, and the other risks and uncertainties discussed in any subsequent reports that we file or furnish to the SEC from time to time.

- (1) These are non-GAAP financial measures. For a reconciliation of these non-GAAP financial measures to their most comparable measure calculated and presented in accordance with GAAP, and for a definition of adjusted amounts, see attached reconciliation schedules.
- (2) General and administrative expenses includes certain corporate support, long-term incentive compensation and advocacy costs.
- (3) The reported balance sheet amounts at June 30, 2019, March 31, 2019 and June 30, 2018, exclude \$34.5 million, \$48.5 million and \$57.9 million, respectively, of a debt discount associated with our Term Loan B and other deferred financing costs. The reported balance sheet amounts exclude DMG debt which is classified as held for sale liabilities for March 31, 2019 and June 30, 2018.
- (4) The reported total debt and net debt, net of cash and cash equivalents, excludes DMG cash and debt classified as held for sale assets and liabilities, respectively, as of March 31, 2019 and June 30, 2018.
- (5) Adjusted operating income margin is a calculation of adjusted operating income divided by consolidated revenues.

DAVITA INC.
SUPPLEMENTAL FINANCIAL DATA-continued
(unaudited)
(dollars in thousands)

Note 1: Calculation of the Leverage Ratio

Under the senior secured credit facilities (Credit Agreement), the leverage ratio is defined as all funded debt plus the face amount of all letters of credit issued, minus cash and cash equivalents, including short-term investments, divided by "Consolidated EBITDA". The leverage ratio determines the interest rate margin payable by the Company for its Term Loan A and revolving line of credit under the Credit Agreement by establishing the margin over the base interest rate (LIBOR) that is applicable. The following leverage ratio was calculated using "Consolidated EBITDA" as defined in the Credit Agreement. The calculation below is based on the last twelve months of "Consolidated EBITDA", pro forma for routine acquisitions that occurred during the period. The Company's management believes the presentation of "Consolidated EBITDA" is useful to users to enhance their understanding of the Company's leverage ratio under its Credit Agreement. The leverage ratio calculated by the Company is a non-GAAP measure and should not be considered a substitute for debt to net income attributable to DaVita Inc., net income attributable to DaVita Inc. or total debt as determined in accordance with United States generally accepted accounting principles (GAAP). As allowed by the Credit Agreement, the Company has elected to calculate debt using the existing GAAP in place at the commencement of the Credit Agreement; therefore, the Company has not adjusted its debt balance to include the lease liabilities under ASC Topic 842. The Company's calculation of its leverage ratio might not be calculated in the same manner as, and thus might not be comparable to, similarly titled measures by other companies.

- (1) The reported total debt amounts at June 30, 2019, March 31, 2019 and June 30, 2018, exclude \$34.5 million, \$48.5 million and \$57.9 million, respectively, of a debt discount associated with our Term Loan B and other deferred financing costs.
- (2) Excluding DMG's physician owned entities cash for the twelve months ended March 31, 2019 and June 30, 2018 and amounts not readily convertible to cash related to the Company's non-qualified deferred compensation plans for all periods presented.

In accordance with the Credit Agreement, the Company's leverage ratio cannot exceed 4.50 to 1.00 as of June 30, 2019. At that date the Company's leverage ratio did not exceed 4.50 to 1.00.

DAVITA INC.
RECONCILIATIONS FOR NON-GAAP MEASURES
(unaudited)

Note on Non-GAAP Financial Measures

As used in this press release, the term "adjusted" refers to non-GAAP measures as follows, each as reconciled to its most comparable GAAP measure as presented in the non-GAAP reconciliations in the notes to this press release: (i) for income measures, the term "adjusted" refers to operating performance measures that exclude certain items such as impairment charges, (gain) loss on ownership changes, restructuring charges, debt prepayment charges and gains and charges associated with settlements; and (ii) the term "effective income tax rate on adjusted income from continuing operations attributable to DaVita Inc." represents the Company's effective tax rate excluding applicable non-GAAP items and noncontrolling owners' income, which primarily relates to non-tax paying entities.

These non-GAAP or "adjusted" measures are presented because management believes these measures are useful adjuncts to GAAP results. However, these non-GAAP measures should not be considered alternatives to the corresponding measures determined under GAAP.

Specifically, we use adjusted operating income, adjusted net income from continuing operations attributable to DaVita Inc. and adjusted diluted net income from continuing operations per share attributable to DaVita Inc. to compare and evaluate our performance period over period and relative to competitors, to analyze the underlying trends in our business, to establish operational budgets and forecasts and for incentive compensation purposes. We believe these non-GAAP measures are useful to management, investors and analysts in evaluating our performance over time and relative to competitors, as well as in analyzing the underlying trends in our business. We also believe these presentations enhance a user's understanding of our normal consolidated operating income by excluding certain items which we do not believe are indicative of our ordinary results of operations. As a result, adjusting for these amounts allows for comparison to our normalized prior period results.

In addition, the effective income tax rate on income from continuing operations attributable to DaVita Inc. excludes noncontrolling owners' income, which primarily relates to non-tax paying entities, and the effective income tax rate on adjusted income from continuing operations attributable to DaVita Inc. excludes noncontrolling owners' income and certain non-deductible and other charges which we do not believe are indicative of our ordinary results. Accordingly, we believe these adjusted effective income tax rates are useful to management, investors and analysts in evaluating our performance and establishing expectations for income taxes incurred on our ordinary results attributable to DaVita Inc.

Finally, free cash flow from continuing operations represents net cash provided by operating activities from continuing operations less distributions to noncontrolling interests and capital expenditures for routine maintenance and information

technology from continuing operations. We believe this non-GAAP measure is useful to management, investors and analysts as an adjunct to cash flows from operating activities from continuing operations and other measures under GAAP, since free cash flow from continuing operations is meaningful for assessing our ability to fund acquisition and development activities and meet our debt service obligations.

It is important to bear in mind that these non-GAAP "adjusted" measures are not measures of financial performance or liquidity under GAAP and should not be considered in isolation from, nor as substitutes for, their most comparable GAAP measures.

The following Notes 2 through 5 provide reconciliations of the non-GAAP financial measures presented in this press release to their most comparable GAAP measures.
