

Boost Delivers New Option for Device Protection

Boost Infinite and Boost Mobile customers can sign up for an all-new device protection program starting at \$8/month, including AppleCare Services.

Boost Protect is boosting device protection for customers with new options in phone repair, tech support and enhanced mobile security. With Boost Protect, [Boost Mobile](#) and [Boost Infinite](#) have you covered through life's mishaps, providing peace of mind for our customers, along with our commitment to value.

Starting at just \$8/month¹, Boost Protect subscribers receive Lookout: Premium mobile security and AppleCare Services for iPhone. With a variety of repair options and access to tech support via the web, all subscribers can submit an unlimited number of claims for accidental damage and malfunction.²

Trips to the Genius Bar at Apple Store locations and Apple Authorized Service Providers, same-day³ screen shatter⁴ and battery service coverage⁵ are also available for Boost Protect subscribers when purchasing a new or renewed iPhone. Additionally, those subscribers have 24/7 access to Apple Support via chat and phone.

"Boost has long delivered exceptional value to our customers, which is why we're introducing an all-new phone protection program to better serve their evolving device care needs," said Michael Kelly, president, Retail Wireless, DISH Wireless. "We're offering Boost Protect to give our customers an elevated level of protection that matches the investment in and complexity of today's smartphones. Plus, the added convenience and availability of AppleCare Services to Boost subscribers through Apple's retail locations and Apple Authorized Service Providers delivers unmatched service and an exceptional customer experience."

Boost customers will also benefit from Lookout Premium, a mobile security offering, with Boost Protect at no additional charge and includes:

- Safe Browsing & Phishing Detection: Browse the web worry-free.
- Wi-Fi Threat Detection: Safe transition off bad Wi-Fi networks.
- System Advisor: Exposure alerts to security vulnerabilities.
- Breach Report: Timely alerts on relevant corporate breaches.
- Lock & Wipe: Lock your device and delete personal information via your personal portal.⁶
- Locate & Scream: Find your lost or stolen device and sound an alarm.
- Device Threat Protection: Email with last known device location and front-facing photo.⁷
- Signal Flare: Email with device's last known location when its battery gets low.
- Lost Message: Post a custom message on your device's lock screen.
