DISH Selects Amdocs' Cloud-Native Billing Platform to Support 5G Services

LITTLETON, Colo. and ST. LOUIS, MO — March 4, 2021 Amdocs (NASDAQ: DOX), a leading provider of software and services to communications and media companies, today announced that DISH Network Corporation (NASDAQ: DISH) has chosen Amdocs' cloud-based billing system, Optima, to support enterprise and wholesale customers on its next-generation 5G network.

"Amdocs Optima is a cloud-based platform that has the flexibility to support our 5G needs and can scale to support enterprise and wholesale customers," said Atilla Tinic, Chief Information Officer, DISH. "This containerized component within our greater 5G billing architecture will offer us multi-cloud — public or private — deployment flexibility. We're excited about Optima's cloud-native roadmap and we look forward to seeing it continue to evolve and align to our business."

"DISH is a true visionary in its 5G rollout plans and we are delighted to help enable them to leverage our cloud-based billing platform," said Anthony Goonetilleke, Group President of Media, Network and Technology, Amdocs. "We are excited to extend this partnership while enabling DISH to deliver innovative 5G use cases and experiences with our Optima platform."

Our cloud-native, open and dynamic portfolio of digital solutions, platforms and services brings greater choice, faster time to market and flexibility, to better meet the evolving needs of our customers as they drive growth, transform and take their business to the cloud. Listed on the NASDAQ Global Select Market, Amdocs had revenue of $4.2 billion in fiscal 2020. For more information, visit Amdocs at www.amdocs.com.

This press release includes information that constitutes forward-looking statements made pursuant to the safe harbor provision of the Private Securities Litigation Reform Act of 1995, including statements about Amdocs' growth and business results in future quarters. Although we believe the expectations reflected in such forward-looking statements are based upon reasonable assumptions, we can give no assurance that our expectations will be obtained or that any deviations will not be material. Such statements involve risks and uncertainties that may cause future results to differ from those anticipated. These risks include, but are not limited to, the effects of general economic conditions, Amdocs' ability to grow in the business markets that it serves, Amdocs' ability to successfully integrate acquired businesses, adverse effects of market competition, rapid technological shifts that may render the Company's products and services obsolete, potential loss of a major customer, our ability to develop long-term relationships with our customers, and risks associated with operating businesses in the international market. Amdocs may elect to update these forward-looking statements at some point in the future; however, the Company specifically disclaims any obligation to do so. These and other risks are discussed at greater length in Amdocs' filings with the Securities and Exchange Commission, including in our Annual Report on Form 20-F for the fiscal year ended September 30, 2020 filed on December 14, 2020 and our Form 6-K furnished for the first quarter of fiscal 2021 on February 16, 2021.

DISH Network Corporation is a connectivity company. Since 1980, it has served as a disruptive force, driving innovation and value on behalf of consumers. Through its subsidiaries, the company provides television entertainment and award-winning technology to millions of customers with its satellite DISH TV and streaming SLING TV services. In 2020, the company became a nationwide U.S. wireless carrier through the acquisition of Boost Mobile. DISH continues to innovate in wireless, building the nation's first cloud-native, Open RAN-based 5G broadband network. DISH Network Corporation (NASDAQ: DISH) is a Fortune 250 company.
