

Media Alert: Brian Dolan, Chief Currency Strategist, GAIN Capital and FOREX.com; Election Night Expert Source on the Global Economy

MEDIA ALERT

Brian Dolan, Chief Currency Strategist, GAIN Capital and Forex.com:

Election Night Expert Source on the Global Economy

Expert Commentary on the Impact of the Presidential Election on the Global Economy and U.S. Dollar

WHAT: Global currency expert, Brian Dolan, is available to comment on issues related to:

- Predictions for economic changes for either candidate
- The impact of the victor's economic proposals
- General commentary on U.S. dollar's performance vs. international currencies

WHO: Brian Dolan, chief currency strategist, GAIN Capital and Forex.com, is a Dartmouth-educated economist with 18 years experience in the currency market, having worked as a senior trader and analyst at some of the world's leading international banks including Dai-ichi Kangyo, Credit Suisse and American Express. A regular commentator for financial media and frequent broadcast TV guest, Brian has also published numerous articles and is the co-author of Currency Trading for Dummies.

WHEN: Tuesday, November 4, 2008

DETAILS: Brian is an excellent source, telegenic and able to frame his economic analysis for his peers as well as lay people. Currency is the backbone of the economy and the dollar will undoubtedly respond to this year's election. As you are planning your election coverage, you may want to consider leveraging Brian's expertise as the results pour in.
