

CES 2019 Silicon Line MEDIA INVITATION

January 8 - 11, 2018

MUNICH and LAS VEGAS, Dec. 20, 2018 /[PRNewswire](#)/ --

WHO:

Silicon Line, the world's largest developer and maker of active optical link technology for consumer electronics, including products enabled for HDMI 2.1

WHAT:

The world's first public demonstration of active optical cables for HDMI 2.1 sources and displays, featuring Silicon Line's prototype HDMI 2.1 optical cable modules* in use with the latest HDMI 2.1-enabled 4K and 8K TVs.

In a proof-of-performance exhibit, the company will demonstrate its low-cost optical engine technology supporting all currently announced requirements for the HDMI 2.1 Specification.

CES booth media appointments with CEO Ruud van der Linden and Director of Sales & Marketing Ian Jackson are now available for background briefings and demonstrations of the company's ground-breaking optical engine and cable module technologies.

Silicon Line products enable the manufacture of affordable, high-speed optical cables – thin, long, durable, flexible – for CE products including TVs, video game consoles, PCs, mobile devices, set-top boxes, and augmented reality (AR) and virtual reality (VR) headsets.

*cable modules are the electronics inside the cable-end connectors of HDMI, DisplayPort, USB3 and other cables.

WHERE:

HDMI Licensing Administrator Booth: Adopters Section, LVCC, South Hall 1, #20208

WHEN:

During CES Show Hours:

Tuesday, Jan 8	10:00am – 6:00pm
Wednesday, Jan. 9	9:00am – 6:00pm
Thursday, Jan 10	9:00am – 6:00pm
Friday, Jan. 11	9:00am – 3:00pm

We look forward to seeing you in Vegas!
