8. Financial Restructuring Measures

8.1 Overview

As per 31 December 2022, the Company was and still is over-indebted according to Art. 725b CO, but has sufficient subordinations in place to cover the negative equity. During 2023, debt owed to SEF-Lux^[1] in the aggregate amount of approx. CHF 87,982,656.01 was subordinated, which improved the balance sheet situation of the Company temporarily.

Given the financial distress situation of the Company, a financial restructuring measure is proposed, which is aimed at

improving the balance sheet situation. Specifically, the Board of Directors proposes a conversion of existing debt in the amount of CHF 66,684,928.67334 into equity through an ordinary capital increase. In order to address this situation, the Board of Directors has agreed with SEF-Lux¹, Golden Partner Holding Co. S.à r.l. ("GP Holding") and Golden Partner SA ("GPSA") to convert a portion of the debt owed to SEF-Lux¹, GP Holding and GPSA in the aggregate amount of CHF 66,684,928.67334 (the "Debt") into 141,299,859 registered shares of the Company with a par value of CHF 0.10 each, subject to fulfilment of the requirements pursuant to Swiss law and subject to approval of the shareholders' meeting of the Company (the "Debt-to-Equity-Conversion").

In order to implement the Debt-to-Equity-Conversion, the pre-emptive subscription rights of shareholders will have to be excluded in connection with the required capital increase, which requires shareholders' approval with a qualified majority.

The following legal entities belonging to SEF-Lux¹, GP Holding and GPSA are parties to the relevant financing agreements and shall be part of the proposed Debt-to-Equity-Conversion (the "Creditors"), and they have committed to convert the below amounts into equity:

- AM Investment S.C.A. SICAV - FIS - R&D Sub-Fund ("AM R&D") will convert claims of CHF 22,819,516.38036 against the Company under a loan agreement with the Company dated 25 June 2021, as amended from time to time (the "AM St. Kitts Construction Loan");

The Debt to be converted at Volume Weighted Average Price (VWAP) calculated over the 60 days preceding 30 April 2023 for:

- AM St. Kitts Construction Loan converted at 85% of the VWAP; and
- all other loans / debt of SEF Lux, GP Holding and GPSA at 75% of the VWAP.

For the Board of Directors

The Chairman

Alexander Rhea

Annex 1: Explanations to Agenda Item 5

As required by the Swiss Code of Obligations ("CO") and the Articles of Association, the Board of Directors will propose for shareholders' approval:

1. the maximum aggregate amount of Board of Directors' compensation for the period until the next AGM in 2024^[5]

2. the maximum aggregate amount of the Executive Committee's compensation for the financial year 2024^[6]

The proposed amounts submitted for approval at this year's Annual General Meeting of shareholders are aligned with our compensation policy.

Also, we have given you the opportunity to vote under agenda item 1.2 on a consultative basis on the Compensation Report 2022.

Explanations Concerning the Proposed Maximum Compensation Amount of the Board of Directors (Agenda Item 5.1)

The proposed aggregate maximum compensation amount of CHF 600,000.00 is payable to the Board of Directors and, as an indication, consists of fixed fees. This amount is identical to that of the prior period.

In addition, LECLANCHE SA pays compulsory social security insurance contributions to Board of Directors who get paid through the Swiss payroll, as required by law. No variable compensations or pension benefits are awarded to members of the Board of Directors.

Explanations Concerning the Proposed Maximum Compensation Amount of the Executive Committee for the Financial Year 2024 (Agenda Item 5.2)

The Board of Directors is seeking approval for CHF 2,350,000.00 as the maximum aggregate amount of the Executive Committee's compensation for the financial year 2024. This amount is half to that approved for financial year 2023.

In accordance with the Articles of Association, the Board of Directors submits at each year to the Annual General Meeting of shareholders for approval the maximum compensation of the Executive Committee for the next financial year. The proposed aggregate maximum compensation amount includes the base salary, the variable short-term compensation (bonus) as well as the variable long-term compensation paid or awarded in that year.

As disclosed in the Compensation Report 2022, the compensation of the Executive Committee amounted to kCHF 2'287.90 in the financial year 2022. The proposed aggregate maximum compensation amount is in line with LECLANCHE SA's current compensation policy.

The aggregate maximum compensation amount is a budget and based on the assumption that each member of the Executive Committee and LECLANCHE SA will have fully achieved all target objectives. It should not be regarded as the compensation amount that will be actually paid or awarded.

In addition, LECLANCHE SA pays compulsory social security insurance contributions as required by law.

Annex 2: Explanations to Agenda Item 9

The Swiss Corporate Law Reform, providing for certain revisions to provisions with respect to companies limited by shares in the Swiss Code of Obligations ("CO") and effective since 1 January 2023, necessitates adaptations to the articles of association to ensure alignment with the updated regulations. The amendments proposed by LECLANCHE SA's Board of Directors reflect not just the requirements of the new law, but also a commitment to upholding shareholder rights, modernizing corporate governance, and aligning with the latest market standards. Key areas addressed in the proposed amendments include the introduction of the capital band to provide enhanced financial flexibility, the incorporation of provisions for the use of electronic means for improved shareholder participation, and general revisions to ensure adherence to the new law. Additionally, voluntary adjustments have been made to further consolidate the governance structure. The Board of Directors believes that these amendments will reinforce the governance framework and demonstrate the commitment to the highest standards of corporate conduct, thus proposing the approval of all suggested amendments.

The proposed amendments to the articles of association of LECLANCHE SA (the "Articles of Association") are explained below. Subsequently, each proposed amendment is compared to the current provision. Deletions are shown in red, crossed-out font, new additions in blue font and shifts in green font.

Explanations Concerning the deletion of Art. 3^{quater} and adoption of a new Art. 3^{quater}: Introduction of Capital Band (Agenda Item 9.1)

Pursuant to the recent changes in Swiss corporate law, the Board of Directors suggests replacing the current authorized share capital with a more flexible instrument known as the capital band. This new instrument, providing the Board with the capacity to increase or decrease the share capital by up to 50% within a five-year timeframe, aligns with the latest legal frameworks and aims to enhance financial flexibility by ensuring rapid responses to capital requirements. Such a transition to the capital band is designed to enable the Board to promptly respond to market fluctuations, invest in potential growth opportunities, and optimize capital structure in line with strategic goals, all without the requirement of additional shareholder approval. By doing so, the Board seeks to maintain a competitive edge in the market and to ensure the financial agility necessary in today's dynamic

business environment.

The Board of Directors proposes to introduce a capital band of 50% (above and below) of the existing share capital (under the assumption that the share capital is increased according to agenda item 8) for the period until 26 June 2028 by deleting the current Art. 3quater and adopting a new Art. 3quater accordingly. The capital band proposed by the Board of Directors would allow the Board of Directors to increase the share capital of LECLANCHE SA by issuing up to 293,057,384 new shares or to reduce it by eliminating up to 293,057,384 shares.

Explanations Concerning the deletion of Art. 3ter and Art. 3quinquies and the adoption of a new Art. 3ter and 3quinquies: Conditional Capital (Use of Electronic Means) (Agenda Item 9.2)

The newly proposed **para. 2 of Art. 3ter** is based on the newly enacted Art. 653b para. 1 no. 7 CO, according to which the procedure for exercising the conversion or option rights and for waiving these rights must be stipulated in the articles of association. The same explanation applies to the newly proposed **para. 3 of Art. 3quinquies**.

With the new **Art. 3ter and Art. 3quinquies** the Board proposes that the exercise of conversion or option rights, and the waiver of these rights, may in the future be performed electronically or in writing, enhancing the process' flexibility and efficiency.

Explanations Concerning the Proposed Amendment to Art. 4: Transferability of Shares (Agenda Item 9.3)

The proposed amendment to Art. 4 para. 1 mirrors Art. 685d para. 2 CO by newly granting the Board of Directors the option to refuse entry into the share ledger if the requesting party does not declare on demand that no agreement has been made concerning the retraction or return of the relevant shares or that they bear the economic risk of the shares (securities lending). In essence, these new conditions ensure that the registered shareholders are the ultimate beneficial owners of the shares, without any contractual arrangements that might undermine their ownership status or their exposure to the economic risks and rewards associated with share ownership.

This proposed adjustment of Art. 4, thus, aims to reduce the risk of harmful voting practices that run counter to the interests of the economic beneficiaries of LECLANCHE SA.

Explanations Concerning the Proposed Amendments to Art. 11: Convening of General Meeting, Hybrid and Virtual Meetings, Use of Electronic Means (Agenda Item 9.4)

The amendment of **Art. 11 para. 1** adjusts the minimum share capital threshold for one or more shareholders to request a shareholders' meeting. This is now set at five percent, in line with Art. 699 para. 3 no. 1 CO. It also explicitly states that the Board of Directors shall convene such a meeting within 60 days of receipt, as specified by Art. 699 para. 5 CO.

With the rapid advancement of technology and in staying ahead of evolving norms, the proposed introduction of **para. 2 and para. 3 to Art. 11** aims to ensure continued accessibility and inclusivity for all shareholders, irrespective of their ability to be physically present at shareholders' meetings.

The addition in para. 2 to Art. 11 and the introduction of para. 3 to Art. 11 aligns with the recent changes in Swiss corporate law, specifically Art. 701c CO and Art. 701d CO, which permit two new forms of shareholders' meetings: (1) hybrid meetings, which combine physical attendance with electronic participation, and (2) virtual meetings, which are held exclusively via electronic means with no physical location. These new possibilities shall be made explicitly available through corresponding provisions in the Articles of Association, illustrating LECLANCHE SA's commitment to technological advancement.

The addition in para. 2 to Art. 11 would offer the Board of Directors the flexibility to hold virtual shareholders' meetings (para. 2 in Art. 11) and the introduction of para. 3 in Art. 11 reflects the revised Art. 701c CO that the Board of Directors may hold hybrid meetings (para. 3 in Art. 11). The desire to have flexible forms and to obtain agility for structuring suitable governance and approval processes became particularly relevant during the COVID-19 pandemic where physical meetings were restricted during certain periods, which highlighted the importance for companies to be flexible, including in the form of holding their shareholders' meetings. These possibilities provide the necessary foundation to leverage the potential of modern communication technologies, and ensure that the company is well-equipped to adapt its mode of operation to meet the ever-changing dynamics of the corporate landscape.

Consequently, the proposed addition in para. 2 to Art. 11 and the introduction of para. 3 to Art. 11 mark a significant stride towards digital accessibility and flexibility, assuring continued shareholder participation in any given circumstance, thereby further strengthening the company's commitment to shareholder engagement.

The introduction of **para. 4 to Art. 11** now explicitly states which information must be included in the notice convening the meeting, thereby mirroring Art. 700 para. 2 CO.

The proposed adjustment of **Art. 11 para. 5** aligns with the fact, that under the revised Swiss corporate law companies are no longer required to make available the annual report and audit report at the company's registered office for inspection. Moreover, it also takes into account the new Art. 699a para. 1 CO, by stating that if the management report including the annual accounts,

auditor report, remuneration report, and the Board of Directors' proposals for the shareholders' meeting are not made available electronically, any shareholder may request that a copy of these documents be provided to them in good time.

Similar to the change in Art. 11 para. 1, the minimum share capital required for calling an extraordinary shareholders' meeting is adjusted in **Art. 11 para. 6** to at least five percent, as foreseen by Art. 699 para. 3 no. 1 CO.

Explanations Concerning the Proposed Amendment to Art. 11: General Meeting with Venue Abroad (Agenda Item 9.5)

In the proposed amendment of **Art. 11 para. 2**, the possibility of holding a shareholders' meeting outside of Switzerland, pursuant to the new Art. 701b CO, is introduced.

The ability to hold a shareholders' meeting abroad provides more flexibility for the company and can be advantageous for various reasons. With shareholders and board members spread across different countries, this provision allows the Board to hold meetings in a location that might be more convenient for a majority of participants.

Further, it is also consistent with the growing trend towards globalization and international cooperation. Moreover, this provision could also facilitate participation of foreign investors in LECLANCHE SA's shareholders' meetings, which could, in turn, attract more international investment and foster a more global outlook for LECLANCHE SA.

Explanations Concerning the Proposed Amendment to Art. 14: Provisions on Qualified Majorities (Agenda Item 9.6)

The proposed amended wording of Art. 14 complies with the revised Art. 704 CO, resulting in the deletion of the word "absolute" in connection with the majority of the nominal share values represented. No substantive change is intended by this.

Explanations Concerning the Proposed Amendment to Amendments to Art. 10, 13, 15, 16, 18, 23octies, 23decies, 25, 28: Amendments to align Articles of Association with Compulsory New Law (Agenda Item 9.7)

Art. 10 reflects the amended catalogue of non-transferable powers of the general meeting. These include according to the new Swiss corporate law, the power of the general meeting to approve and adopt the interim dividend (Art. 10 no. 6), the resolution on the repayment of the statutory capital reserve (Art. 10 no. 7) and the delisting of the shares of LECLANCHE SA (Art. 10 no.8).

The change proposed in **Art. 13 para. 1** broadens the methods through which shareholders can authorize representation at the shareholders' meeting. While the concept of representation remains the same, the Board of Directors would now also have the discretion to allow forms of authorization other than in writing. This could potentially involve electronic or digital forms of authorization, providing shareholders with more flexibility in how they authorize their representation.

The revised Swiss corporate law uses the term "special investigation" instead of "special audit". Consequently, **Art. 15** shall be amended accordingly.

Under the new law, public companies must make the resolutions and election results electronically accessible within 15 days after the shareholders' meeting, stating the exact proportions of the votes. In addition, shareholders may request that the minutes be made available to them within 30 days after the shareholders' meeting. These legal requirements shall be expressly stated in the amended **Art. 16 para. 4**.

Under the new law, the board of directors no longer has to appoint a secretary. Consequently **Art. 16 para. 2 and Art. 18** shall be adjusted accordingly.

Art. 23octies para. 2 is amended to align it with the revised provisions on post-contractual non-competition clauses. According to Art. 735c para. 2 CO, compensation based on a non-competition clause may not exceed the average of the remuneration of the last three business years and may only be paid if the non-competition clause is justified in terms of business.

The reform has further developed the definition of mandates outside a company and defined them in Art. 626 para. 2 no. 1 CO as positions in comparable functions at other companies with an economic purpose. Consequently, the board proposes to adjust **Art. 23decies para. 4** accordingly.

As the Swiss Corporate Law Reform led to the deletion of Art. 662a et seq. CO **Art. 25 para. 1** shall be adjusted accordingly, foreseeing that the annual accounts, comprising the profit and loss account, the balance sheet, the notes to the accounts and the group accounts in future shall be drawn up in accordance with Art. 957 et seq. CO.

The proposed amendment to **Art. 28** widens the circumstances under which the Board of Directors must take action and convene a shareholders' meeting for restructuring measures. This change is aimed at aligning Art. 28 more closely with Art. 725 para. 2 CO.

Explanations Concerning the Proposed Amendments to Art. 8, 19, 20, 23sexies and 31: Other Voluntary Changes (Agenda Item 9.8)

With the proposed introduction of the capital band, the board proposes to adjust **Art. 8** accordingly.

The reintroduction of **Art. 19** aims to provide an operational framework for the Board of Directors, stipulating how meetings are convened, how resolutions are adopted, and how deliberations are documented. It allows any board member to call for a meeting, ensures collective decision-making, allows for digital meetings, mandates minute-keeping, and allows written or electronic resolutions unless discussion is requested.

The proposed amendment to **Art. 20 para. 2** reinforces the Board of Directors' powers according to Art. 716a CO, including decisions about acknowledging increases and now also decreases in capital and any resulting changes to the articles of association. Additionally, meetings solely meant for recognising capital changes or subsequent payments on not fully paid-up shares now do not require a special attendance quorum. Specific references to Swiss law articles have been included for clarity.

The proposed modification of **Art. 23sexies para. 1** eliminates the term "or promoted", focusing additional compensation solely on newly appointed executive committee members. This change implies that promoted members are not eligible for extra remuneration under Art. 23sexies.

The proposed amendment of **Art. 31** broadens the scope and methods for company communications. The new provision retains the Swiss Official Gazette of Commerce as the primary publication organ, but also enables the Board of Directors to designate additional publication outlets. Furthermore, the revised provision introduces more direct and modern methods of communication. Notices to shareholders or participants and other announcements can be sent via letter to the registered addresses in the share ledger, via e-mail, or through any other form the Board deems appropriate.
