

□ **Hyatt Harborside at Boston's Logan International Airport** recently upgraded its pool water treatment system as part of their commitment to the environment as well as customer loyalty/satisfaction. Ecolab's Pure Comfort Saline System offers an alternative to the traditional bleach sanitizer. The overall result is an improvement in water quality through elimination of eye irritation, dry skin and excessive chlorine odor.

Numerous Meeting Planners have stressed this initiative, one of many taken by Hyatt Harborside at Boston's Logan International Airport in efforts to improve energy efficiency and the environment, as being significant motivation behind their choosing this hotel to host their meeting or event. A recent recipient of Energy Star Label certification, Hyatt Harborside at Boston's Logan International Airport continues to implement pro-active initiatives in its ongoing dedication to improving the environment.
