### **Forward-Looking Statements**

*Statements in this press release, which are not historical facts, are “forward-looking” statements within the meaning of the Private Securities Litigation Reform Act of 1995. These statements include statements about our plans, strategies, financial performance, prospects or future events and involve known and unknown risks that are difficult to predict. As a result, our actual results, performance or achievements may differ materially from those expressed or implied by these forward-looking statements. In some cases, you can identify forward-looking statements by the use of words such as “may,” “could,” “expect,” “intend,” “plan,” “seek,” “anticipate,” “believe,” “estimate,” “predict,” “potential,” “continue,” “likely,” “will,” “would” and variations of these terms and similar expressions, or the negative of these terms or similar expressions. Such forward-looking statements are necessarily based upon estimates and assumptions that, while considered reasonable by us and our management, are inherently uncertain. Factors that may cause actual results to differ materially from current expectations include, among others, the depth and duration of the current economic downturn; levels of spending in the business, travel and leisure industries as well as consumer confidence; declines in occupancy and average daily rate; hostilities, including future terrorist attacks, or fear of hostilities that affect travel; travel-related accidents; changes in the tastes and preferences of our customers; relationships with associates and labor unions and changes in labor law; the financial condition of, and our relationships with, third-party property owners, franchisees and hospitality venture partners; risk associated with potential acquisitions and dispositions and the introduction of new brand concepts; changes in the competitive environment in our industry and the markets where we operate; outcomes of legal proceedings; changes in federal, state, local or foreign tax law; fluctuations in currency exchange rates; general volatility of the capital markets and our ability to access the capital markets. A more complete description of these risks and uncertainties can be found in our filings with the Securities and Exchange Commission, including our Annual Report on Form 10-K. We caution you not to place undue reliance on any forward-looking statements, which are made as of the date of this press release. We undertake no obligation to update publicly any of these forward-looking statements to reflect actual results, new information or future events, changes in assumptions or changes in other factors affecting forward-looking statements, except to the extent required by applicable laws.
