

Hyatt Newsroom

At Hyatt hotels and resorts throughout the world, the safety and security of guests and associates is one of our top concerns. In light of the current situation in Cairo, security measures remain elevated at Grand Hyatt Cairo in an effort to ensure that guests and associates remain in a safe environment.

At present, the unrest in Cairo is not affecting the areas surrounding Hyatt Regency Sharm El Sheikh and Hyatt Regency Taba Heights.

We will continue to monitor the situation within Egypt and particularly in the areas of our hotel operations and will respond appropriately.
