

IBM@SXSW: Experience How IBM is Making with Watson at the IBM Makers' Garage at SXSW - March 10-14

AUSTIN, Texas, March 10, 2017 [/PRNewswire/](#) -- Join us at the IBM Makers' Garage to experience how IBM Watson is making the world healthier, more secure, more personal, more creative and more engaged.

What: IBM Makers' Garage

Where: Brazos Hall, 204 E. 4th Street, Austin, TX

When: March 10-14, 10 a.m. - 5 p.m.

Continuous demos, hands-on workshops and talks:

- Use Watson to create a bot, remix a song, design a t-shirt, or get a beer recommendation; learn about Watson's user-focused design process and see how IBM clients and partners are "making with Watson"
- See what it's like to be at a company under cyberattack -- and how much you're exposing yourself to attacks
- Learn how blockchain networks function and how companies from banks, shippers and retailers are already using it
- Perplexed by Quantum? Learn the differences between quantum and classical computers and find out more about IBM Q - our quantum computing effort
