"October 1 is the traditional start of the new model year, and car dealers hate to begin the new year with a big inventory of previous model year vehicles on hand, so now is a particularly good time to look for deals," said Jack R. Nerad, executive editorial director at Kelley Blue Book. "You should remember, though, that any 2013 model you buy will be a year older in just a matter of days."

Below are the KBB.com Editors' picks for the hottest [new-car lease deals](#), available through September 30, 2013:
