

VERIFICATION OPINION DECLARATION GREENHOUSE GAS EMISSIONS

Apex Companies, LLC (Apex) was engaged to conduct an independent verification of the greenhouse gas (GHG) emissions reported by Kellogg Company for the period stated below. This verification declaration applies to the related information included within the scope of work described below.

The determination of the GHG emissions is the sole responsibility of Kellogg Company. Kellogg Company is responsible for the preparation and fair presentation of the GHG statement in accordance with the criteria. Apex's sole responsibility was to provide independent verification on the accuracy of the GHG emissions reported, and on the underlying systems and processes used to collect, analyze and review the information. Apex is responsible for expressing an opinion on the GHG statement based on the verification. Verification activities applied in a limited level of assurance verification are less extensive in nature, timing and extent than in a reasonable level of assurance verification.

Boundaries of the reporting company GHG emissions covered by the verification:

- Operational Control
- Worldwide
- Exclusions from the scope of the reporter's GHG emissions assertion
 - Refrigerant emissions within manufacturing operations

Types of GHGs: CO₂, N₂O, CH₄

GHG Emissions Statement:

- **Scope 1:** 460,000 metric tons of CO₂ equivalent
- **Scope 2 (Location-Based):** 691,000 metric tons of CO₂ equivalent

Business Division	2015 Scope 1 Emissions	2015 Scope 2 Location Based Emissions
KAP	38,000	72,000
KLA	61,000	42,000
KEU	97,000	127,000
KNA	264,000	450,000
Total (MTCO ₂ e)	460,000	691,000

Data and information supporting the Scope 1 and Scope 2 GHG emissions statement were historical in nature.

Energy data verified:

- **Total Energy:** 14,100,000 gigajoules

Period covered by GHG emissions verification:

- January 1, 2015 to December 31, 2015

Criteria against which verification conducted:

- World Resources Institute (WRI)/World Business Council for Sustainable Development (WBCSD) Greenhouse Gas (GHG) Protocol Corporate Accounting and Reporting Standard (Scope 1 and 2)

Reference Standard:

- ISO 14064-3: Greenhouse gases -- Part 3: Specification with guidance for the validation and verification of greenhouse gas statements

Level of Assurance and Qualifications:

- Limited
- This verification used a materiality threshold of $\pm 5\%$ for aggregate errors in sampled data for each of the above indicators
- Data and Emissions Verification Declaration Opinion has been revised to reflect changes in Kellogg's footprint from divestitures and reporting scope

GHG Verification Methodology:

Evidence-gathering procedures included but were not limited to:

- Interviews with relevant personnel of Kellogg Company;
- Review of documentary evidence produced by Kellogg Company;
- Review of Kellogg Company data and information systems and methodology for collection, aggregation, analysis and review of information used to determine GHG emissions at the Kellogg Company Corporate Headquarters and during site visits to manufacturing facilities located in Battle Creek, MI, Wyoming, MI, and Grand Rapids, MI; and
- Audit of sample of data used by Kellogg Company to determine GHG emissions.

Verification Opinion:

Based on the process and procedures conducted, there is no evidence that the GHG emissions statement shown above:

- is not materially correct and is not a fair representation of the GHG emissions data and information; and
- has not been prepared in accordance with the WRI/WBCSD GHG Protocol Corporate Accounting and Reporting Standard (Scope 1 and 2).

It is our opinion that Kellogg Company has established appropriate systems for the collection, aggregation and analysis of quantitative data for determination of these GHG emissions for the stated period and boundaries.

Statement of independence, impartiality and competence

Apex is an independent professional services company that specializes in Health, Safety, Social and Environmental management services including assurance with over 30 years history in providing these services.

No member of the verification team has a business relationship with Kellogg Company, its Directors or Managers beyond that required of this assignment. We conducted this verification independently and to our knowledge there has been no conflict of interest.

Apex has implemented a Code of Ethics across the business to maintain high ethical standards among staff in their day-to-day business activities.

The verification team has extensive experience in conducting assurance over environmental, social, ethical and health and safety information, systems and processes, has over 20 years combined experience in this field and an excellent understanding of Apex's standard methodology for the verification of greenhouse gas emissions data.
