Meet Sheila Dowgiert, North Canton Meijer Store Director

Q: How long have you worked at Meijer?

Three and a half years.

Q: What is your retail experience?

I worked in retail for 12 years before joining the Meijer team. At my previous company, I started as a bagger, but then learned about the growth opportunities. I quickly realized how much I love the fast-paced environment of retail. I have been a bagger, cashier, drug and general merchandise clerk, assistant department head, department head, co-manager, and store leader during my retail career.

Q: What do you love most about working for Meijer?

I love the culture of Meijer. I love knowing I work for a company where people matter and are valued as individuals. From my very first week at Meijer, I felt so welcome and comfortable, and now I get to ensure that everyone on my team has the same experience. [\[FC1\]](#)

I am so excited to develop community partnerships and provide a destination for shopping to this great community.

Q: What's your favorite Meijer brand product?

Frederik's Salt & Vinegar kettle chips – perfectly crunchy and tangy!

Q: What's a fun fact about you?

I love to be outdoors doing any activity - kayaking, gardening, or just hanging out outside. I also love house plants – Meijer always has a great selection that gets me every time!

Q: What do you love about the North Canton community?

I love how welcoming they have been to Meijer. We have already been making connections and finding out about how we can support the community. I love the small town feel of North Canton!

I love working in a family environment where customers and team members truly come first.

Q: What excites you most about bringing Meijer to Alliance?

I am excited to impact the community through our service in and out of the store.
