

Cognizant's CEO Discusses Areas of Focus for the Company

"Growth will solve a lot of evils in any company," says Brian Humphries, CEO. "Ultimately, our ambition is to grow."

In interviews with ET Now and CNBC-TV18, Cognizant's CEO discussed the future of the company and his key areas of focus: employees and customers. "In the last six months, I've been making sure I understand customers, their pain points and their expectations of Cognizant as well as making sure I understand the talent and skills we have internally and the amount of investments needed to make growth happen."

He also talked about pivoting some of the company's resources to trends in the market, noting, "We need to win key battlegrounds in digital." This includes IoT, data, cloud and digital engineering while optimizing and protecting traditional business.
