

Cognizant Named a Leader in the Everest Group Next-generation Quality Engineering Services PEAK Matrix® Assessment 2023

16th November 2023 -- Cognizant has been recognized by Everest Group as a Leader in its Next-generation Quality Engineering (QE) Services PEAK Matrix for 2023.

"As enterprises invest in next-generation technologies such as AI, big data, IoT, AR/VR, and blockchain to drive innovation in their business, the emphasis on engaging with next-generation quality engineering service providers has notably intensified. These providers are emerging as their quality-first partners to support them in building high-quality products with next-generation technologies and establish standardized quality engineering processes," said Ankit Gupta, Practice Director, Everest Group.

In its report, Everest Group evaluated 35 Next-generation QE service providers based on market impact and vision and capability. Leaders are noted to have a superior vision for next-generation QE services, significant mindshare among enterprises, a strong delivery capability, and a proven track record of delivering successful next-generation QE projects across different industries and geographies.

Highlighting Cognizant as a Leader in this space, the report calls out Cognizant's recognition by clients for the innovative engagement it brings into its models. Also noteworthy was clients' emphasis on Cognizant's consultative approach and its commitment to ensuring delivery.

"Cognizant emerges as a Leader in Everest Group's Next-generation Quality Engineering (QE) Services PEAK Matrix® Assessment 2023, owing to its comprehensive solution portfolio in the next-generation QE services space, which is further fortified by its ongoing investments in digital assurance labs for next-generation technologies such as IoT, digital twin, 5G, AR/VR, and blockchain to ensure continuous innovation for addressing the challenges of clients." – Ankit Gupta, Practice Director, Everest Group.
