

Nemours Children's Health Opens New Primary Care and Specialty Care Location in Lake Nona

ORLANDO, Fla. (March 10, 2025) – Nemours Children's Health today announced the opening of a new, nearly 8,000 square-foot location in Lake Nona, increasing access to high-quality primary and specialty care services closer to home for members of the community.

Primary care will include newborn care, well-child and sick-child exams, immunizations and physicals, behavioral evaluations and more. Additionally, the new location will offer four specialty services including adolescent medicine, developmental medicine, genetics and neonatology.

"The opening of the new Lake Nona site is the latest example of our commitment to increasing the availability of world-class health care for children and families in Central Florida," said Martha McGill, MBA, MHA, President of the Central Florida Region for Nemours Children's. "With more Nemours Children's Health primary and specialty care services within reach, we are able to elevate pediatric care in the community. Our children deserve the best and Nemours is committed to providing the best!"

The new site was designed to provide children and families a comfortable, welcoming environment. Staffed by a team of skilled pediatric health care professionals dedicated to delivering high-quality patient and family-centered care, the new location will collaborate directly with nearby Nemours Children's Hospital, Florida to provide comprehensive, personalized care.

Nemours Children's new Lake Nona location will be open Monday, Tuesday and Friday from 8 a.m. to 5 p.m., and Wednesday and Thursday from 8 a.m. to 6 p.m. It is located at 6718 Lake Nona Blvd., Suites 270 and 280.

"The opening of the new Lake Nona site is the latest example of our commitment to increasing the availability of world-class health care for children and families in Central Florida. With more Nemours Children's Health primary and specialty care services within reach, we are able to elevate pediatric care in the community. Our children deserve the best and Nemours is committed to providing the best!"

About Nemours Children's Health

Nemours Children's Health is one of the nation's largest multistate pediatric health systems, which includes two free-standing children's hospitals and a network of more than 70 primary and specialty care practices. Nemours Children's seeks to transform the health of children by adopting a holistic health model that utilizes innovative, safe, and high-quality care, while also addressing children's needs well beyond medicine. In producing the highly acclaimed, award-winning pediatric medicine podcast Well Beyond Medicine, Nemours underscores that commitment by featuring the people, programs and partnerships addressing whole child health. Nemours Children's also powers the world's most-visited website for information on the health of children and teens, [Nemours KidsHealth.org](https://www.nemourskidshealth.org).

The Nemours Foundation, established through the legacy and philanthropy of Alfred I. duPont, provides pediatric clinical care, research, education, advocacy, and prevention programs to the children, families and communities it serves.
