

# VIDEO DISPONIBLE: Nemours Children's Hospital ofrece la primera ronda de la vacuna contra el COVID-19 a sus proveedores de atención médica de primera línea

**VIDEO DISPONIBLE:** Nemours Children's Hospital ofrece la primera ronda de la vacuna contra el COVID-19 a sus proveedores de atención médica de primera línea

Orlando, Fla. (Dic 21, 2020) – Hoy, los proveedores de atención médica de primera línea en Nemours Children's Hospital empezaron a remangarse las mangas para recibir la primera ronda de la vacuna contra el COVID-19. Nemours creó un proceso para identificar y priorizar al personal vital para el cuidado de pacientes. Aunque la vacuna no es obligatoria, le recomendamos a todos los asociados de Nemours que se la pongan.

Nemours ha recibido 220 dosis para la primera ronda de vacunas.

Las vacunas están siendo suministradas en un lugar que observa distanciamiento social y protocolos de seguridad.

## About Nemours Children's Health System

[Nemours](#) is an internationally recognized children's health system that owns and operates the two free-standing children's hospitals: the Nemours/Alfred I. duPont Hospital for Children in Wilmington, Del., and Nemours Children's Hospital in Orlando, Fla., along with outpatient facilities in five states, delivering pediatric primary, specialty and urgent care. Nemours also powers the world's most-visited website for information on the health of children and teens, [KidsHealth.org](#), and offers on-demand, online video patient visits through Nemours [CareConnect](#). [Nemours ReadingBrightstart.org](#) is a program dedicated to preventing reading failure in young children, grounded in Nemours' understanding that child health and learning are inextricably linked, and that reading level is a strong predictor of adult health.

Established as [The Nemours Foundation](#) through the legacy and philanthropy of Alfred I. duPont, Nemours provides pediatric clinical care, research, education, advocacy and prevention programs to families in the communities it serves.
