

Paramount Resources Ltd. Announces Implementation of Monthly Dividend, Settlement of Strath Dissent and Normal Course Issuer Bid

CALGARY, AB, June 17, 2021 /CNW/ - Paramount Resources Ltd. ("Paramount" or the "Company") (TSX: POU) is pleased to announce the implementation of a monthly dividend program with respect to its class A common shares (the "Common Shares"). The Board of Directors has declared an inaugural cash dividend of \$0.02 per Common Share that will be payable on July 30, 2021 to shareholders of record on July 15, 2021. The dividend will be designated as an "eligible dividend" for Canadian income tax purposes. While the Company continues to prioritize the allocation of free cash flow to debt reduction, Paramount's strong financial outlook and operating results have enabled the implementation of the monthly dividend program to further augment shareholder returns.

Paramount has received a cash payment of \$67 million from Strathcona Resources Ltd. ("Strathcona") in settlement of its previously disclosed dissent proceedings respecting Strath Resources Ltd. and for the sale of its remaining securities in Strathcona. The proceeds have been applied to reduce indebtedness under the Company's senior secured revolving bank credit facility (the "Credit Facility"). The Credit Facility has been amended to extend the maturity date to June 2, 2024 and change its size to \$900 million, with an accordion feature providing flexibility to increase the size to \$1.0 billion, subject to incremental lender commitments. Approximately \$635 million was drawn on the Credit Facility following application of the proceeds from Strathcona. Indebtedness under the Credit Facility will be further reduced upon closing of the previously announced Birch disposition in July.

The Toronto Stock Exchange (the "TSX") has accepted the Company's notice to implement a normal course issuer bid ("NCIB") for its Common Shares. Paramount may purchase up to 7,308,743 Common Shares under the NCIB, representing 10% of the public float of 73,087,431 Common Shares as of June 16, 2021. The NCIB provides the Company with the flexibility to increase shareholder returns through the repurchase of Common Shares at times when management believes that the market price of the Common Shares does not reflect their underlying value. The actual number of Common Shares that will be purchased under the NCIB and the timing of any such purchases will be subject to market conditions and Paramount's disciplined free cash flow allocation priorities, including debt reduction. The previous NCIB of the Company, under which the Company was authorized to purchase a maximum of 7,044,289 Common Shares, expired on January 5, 2021 with no Common Shares having been purchased thereunder.

The NCIB will commence on June 30, 2021 and is due to expire on June 29, 2022. Any purchases of Common Shares under the NCIB will be made through the facilities of the TSX or alternative Canadian trading systems at the market price at the time of purchase. Under TSX rules, a maximum of 100,195 Common Shares may be purchased under the NCIB in any one day, representing 25% of the average daily trading volume of the Common Shares on the TSX for the six months ended May 31, 2021 of 400,780 Common Shares. Paramount may also make one block purchase per calendar week which exceeds the daily purchase restriction, subject to the rules of the TSX.
