Paramount Resources Ltd. ("Paramount") has entered into an agreement to sell, to a syndicate of Canadian underwriters led by BMO Capital Markets 4,500,000 common shares at a price of \$15.00 per share for gross proceeds of \$67,500,000. Paramount has also granted an option to the underwriters to acquire an additional 675,000 common shares at the same price. If the option is exercised in full, the gross proceeds of the common share issue will be \$77,625,000. The shares will be offered for sale by short form prospectus in Canada in the provinces of British Columbia, Alberta, Saskatchewan, Manitoba, Ontario and Nova Scotia. Closing of the issue is expected to occur on or about November 4, 2009. The proceeds from the common share offering will be used to reduce outstanding indebtedness, to fund ongoing capital expenditures and for general corporate purposes.

Paramount also intends to issue, by way of private placement in Canada, in the same provinces as the public share offering, up to 500,000 common shares of Paramount on a "flow-through" basis at a price of \$18.75 per share for gross proceeds of up to \$9,375,000. Paramount has entered into an agreement with the same syndicate of Canadian underwriters involved in the public share offering pursuant to which the syndicate will act as agents of Paramount to sell the offering of flow-through shares on a guaranteed agency basis. This flow-through share offering is expected to close contemporaneously with the closing of the common share offering. The proceeds received by Paramount from the sale of these flow through shares will be used to incur eligible Canadian Exploration Expense.

In conjunction with these offerings, Paramount also intends to issue to Clayton H. Riddell or companies controlled by Mr. Riddell, Paramount's Chairman and Chief Executive Officer, 1,000,000 flow-through common shares at a price of \$16.87 per share for gross proceeds of \$16,870,000 (which proceeds will be used by Paramount to incur eligible Canadian Development Expense). Mr. Riddell currently beneficially owns or controls, directly or indirectly, in excess of 50% of Paramount's outstanding common shares.

The aggregate gross proceeds from these three equity offerings (assuming full exercise of the underwriters' overallotment option) will be \$103,870,000.

The completion of each of the equity offerings is subject to Paramount receiving all necessary regulatory approvals.
